Manual Student Login

Logging into your BookNook Session

- Use a computer, laptop, iPad, or Chromebook to complete a BookNook session.
- Use a supported web browser such as Google Chrome, Safari, or Microsoft Edge. Google Chrome is our recommended web browser.

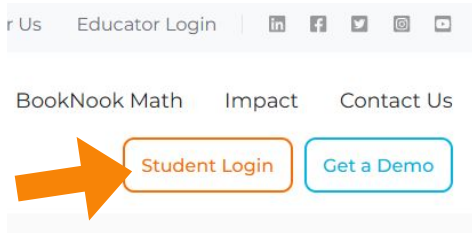

Tip: Bookmark or add a shortcut to the Student Login Page for future use:
<https://app.booknooklearning.com/student/login>

STUDENTS

1

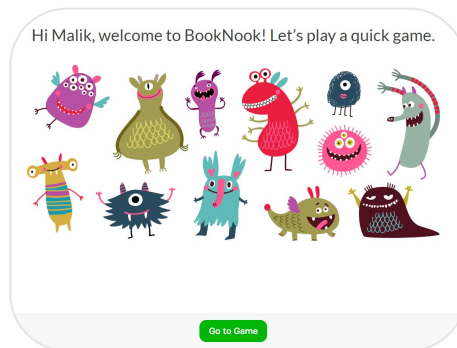

Students will go to booknook.com using a supported browser window, and click on the **Student Login** button.

Students will type in their username and click the **green** Log in button.

2

Once students are logged in, they will have the option to play a game until their tutor invites them into the session.

3

When the tutor starts the session, a pop-up window will appear on the students' screen inviting them to join the session. Students should click the green **Join Now** button.

Hi, Malik! Your BookNook session with Teacher Erin is starting.

Logging into your BookNook Session

- Use a computer, laptop, iPad, or Chromebook to complete a BookNook session.
- Use a supported web browser such as Google Chrome, Safari, or Microsoft Edge. Google Chrome is our recommended web browser.

Do not manually add students to or remove students from the BookNook Platform. They will not be connected through Clever.

STUDENTS

1

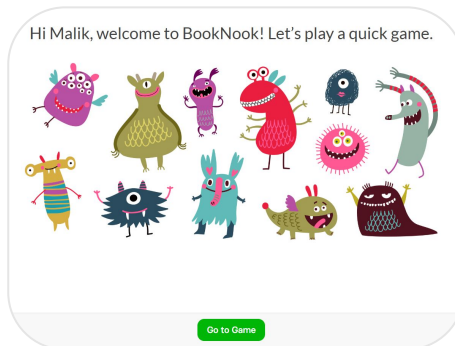

Student will access BookNook through **Clever**. Using a supported browser window, go to your district or school's Clever portal. Once logged in to Clever, **click on the BookNook logo in the Clever portal.**

**This is usually linked on your district site or LMS, or at clever.com/login by searching your district or school name.*

2

Once students are logged in, they will have the option to play a game until their tutor invites them into the session.

3

When the tutor starts the session, a pop-up window will appear on the students' screen inviting them to join the session. Students should click the green **Join Now** button.

Hi, Malik! Your BookNook session with Teacher Erin is starting.
