

BOOKNOOK STUDENT SMARTWATCHES

“iWatched You”

Student Expectations

Use this set of BookNook Student Smartwatches to **recognize students you “see” meeting BookNook expectations**. Includes pre-filled versions - just print and go - or a blank version for you to write your own message. All available in full-color and blackline.

1. CHOOSE YOUR DESIGN

Choose the option that best fits how you plan to distribute watches. To make printing fast and flexible, pre-filled designs are organized in two ways.

PREFILLED – Different Expectations on Each Page

Best for variety & ongoing recognition

Each page includes **multiple different expectations**, to keep a mix of watches on hand and reward students as you notice different behaviors.

- [Blackline pg. 3](#)

PREFILLED – Same Expectation on Each Page

Best for whole-group recognition

Each page features **one expectation repeated on all watches**, making it easy to recognize all students for the same behavior at once.

- [Blackline pgs. 10-15](#)

BLANK DESIGNS - No Expectation on the Watch Faces

Best for customization

Print & write your own expectations or messages in the blank space. Tip: Have students write their own expectations or messages!

2. PRINT → CUT → DISTRIBUTE → ATTACH

Decide how many pages to print based on the number of students.

- Open the PDF file in your preferred PDF viewer (e.g., Google Chrome’s built in PDF viewer or Adobe Reader)
- Select Print and ensure the following settings:
 - ✓ **Page Size:** Set to Actual Size or 98%
 - ✓ **Orientation:** Select Landscape if not automatically detected
- Cut around the edges of each smartwatch
- Wrap around student wrist with the logo-side of the strap facing up
- Secure with a small piece of tape
